## MSc in Management

Eton University offers a M.Sc. in Management program that is guaranteed to reproduce a responsible manager able to anticipate and work with the changes and challenges of the corporate world. Our program is focusing on training for business developers in world markets; it gives you a great opportunity to acquire the necessary expertise to conduct business on behalf of your company. Our program provides you with the essential skills and knowledge in order to adapt to a complex evolving business environment besides adding an international dimension to your background. Our main goal is to help you acquire in-depth business-related theoretical knowledge and practical, know-how in advanced management practice that supports your ambition to become a corporate specialist. Whether you're commercial ambition who wish to join a global blue chip company, work in an entrepreneurial sector or one day start your own business, or academically ambition who wants a rigid basis for his PHD, snagging an MSc in Management with Eton University would be the ticket.

## MSc in HR

Eton University offers an MSc in HR that aims to enhance your strategic competencies in the field. You will learn to think critically and to turn strategic plans into workplace practices that deliver results. Our MSc in HR program is designed for mid-level managers who want to improve their skills and move into executive positions in their organizations. The whole course develops a critical understanding of the theory and practice of Human Resource Management. We teach Human Resources in the context of running a business. Through our innovative curriculum and knowledgeable faculty, you'll gain a thorough, hands-on understanding of what is happening in the marketplace; why it is happening; what the future trends may be; and how to positively affect the leading and managing of human resources in a changing, international business climate. Whether you are climbing the corporate HR ladder or searching for more diverse HR career options, setting yourself up for success requires research, confidence and the right qualifications. Learning everything you need to know to become the career candidate you wish to become can be a daunting task. Snagging an MSc in HR with Eton University would be the perfect solution.

## MSc in Accounting

Eton University offers an MSc in Accounting Management that enables professionally qualified accountants to take stock of what they have learnt in practice, and helps able graduates to extend their academic training to the frontiers of knowledge within the discipline. It aims to provide the theoretical framework and skills that accountant and financial managers need in order to cope with an increasingly complex and global accounting environment. Our program helps you acquire the rigorous knowledge essential for a top-flight career. Our MSc in accounting program helps you not to follow the herd and be part of the new breed. Whether you want to gain a deeper understanding by exploring how accounting and reporting decisions taken affect markets and companies, or you aim to studying accounting in its wider social context, snagging an MSc in Accounting with Eton University would teach you how to get the edge; how to challenge the theory and how to think beyond conventional wisdom.

Whether you prefer the traditional university community or the rich, interactive distance learning solution, Eton University is committed to making your learning experiences unique, special and relevant to your lifelong goals.
