# Eton University

International Education. Inspiring futures

# PROFILE

Eton University is an international institution of higher education that provides a comprehensive variety of programs that follow the highest educational standards. In cooperation with prestigious British schools, awarding bodies, such as OTHM, and Cisco Networking Academy, Eton University offers degrees, and accredited vocational programs from undergraduate through to doctoral and professional education levels.

A qualification at Eton University is designed to fit around students' busy, modern lifestyles and equip them with skills and expert knowledge needed in today's workplace.

# Our Background

Based on our vision that quality higher education should be for all, we began our journey around the globe. In 2010, Eton University was first founded in Belize, America. On April 22nd, 2013, Eton University was incorporated in the State of Delaware, USA. Until today, we have opened recruitment centres in the United Kingdom, United Arab Emirates, Turkey, Bahrain and Egypt.

Our programs are designed to meet markets' ever-shifting demands, fit in with today's busy lifestyles and equip current and future leaders. Distinguished syllabuses at Eton University can be studied in a structure to suit each student, with flexible distance learning tuition carried through our Virtual Campus.

We strongly believe in diversity and boast a team of academic advisers and staff from more than 14 nationalities spread across four continents; all working hard to maximize our students' welfare, education and success.

## Hybrid Learning Format

Hybrid Learning is the combination of traditional face-to-face tuition with digital course delivery. Technological advancements have revolutionised the education sector and in recent times the importance of access to online learning has never been more evident.

Our students can study Eton University programs from wherever they are. Intuitive software and our Student Portal are used to deliver live sessions and provide access to all course materials.

At Eton University, all our courses are delivered in Hybrid Learning format. This means:

- Expert tutors and world-class education from the comfort of students' own homes
- Personalised lessons to help students achieve their maximum potential
- Choice of study dates and times
- Excellent student support services
- Session recordings available to rewatch at any time

## Our Mission

Eton University's mission is to provide globally accessible, quality higher education programmes that combine both theoretical and practical knowledge, equipping students with strong academic and professional skills required to excel in their careers.

By collaborating with various organizations and educational institutions around the world, we ensure to continuously provide our students with newly developed curriculums, excellent resources, latest study technologies and flexible education pathways.

Our highest purpose is to foster society through encouraging lifelong learning and by producing graduates whose education ensures they are confident, critical thinkers ready to easily adapt to changes, and lead in a way that positively affects their communities.

## Our Vision

Eton University aspires to be a globally recognised leader in higher education known for:

- Its commitment to excellence in academic programs that cultivate responsible, global citizens who are ready to take on the societal challenges
- Educational opportunities delivered in accessible, flexible and affordable manner that promotes inclusivity and lifelong learning
- Supporting diversity of faculty, staff and students, and creating opportunities where they can attain their professional goals and set leadership models

# Certificate of Authentication

Many employers require job applicants to verify their educational documents with a letter from the registrar’s office of the college or university from which they were issued. Eton University hosts a certificate verification service to meet this need.

With this feature, students can print a verification letter at any time through the Eton University website, authenticating their qualification.

# Student Portal

The Eton University Student Portal enables collaboration and communication services for students, faculty and staff. Available 24/7, the platform facilitates an online gateway for information, resources and instant connection.

On the Student Portal, students can access their grades, schedules, course catalog, fee payment, financial information, advisor information, calendar, library database research and tutoring information.

# Discounts

In keeping with our mission to deliver affordable and accessible higher education, we offer discounts on many of our programs.

Please contact us for more information on what discounts are available to you.

# Strategic Partnerships

Strong strategic partnerships are at the heart of our philosophy as we believe they benefit both students and educators. Partnership allows each organization to learn from one another, raising the quality of education and facilitating access to a greater range of learning and teaching opportunities. We offer a variety of services including recruitment, giving a wide variety of institutions access to a host of international students.

With London Graduate School, our students have the opportunity to enter into undergraduate and postgraduate top-up programs to boost their degree.

Our programs are delivered in partnership with OTHM, a British awarding organization who offer a range of diplomas which lead to degree top-up programs.

Eton University is a member of the Cisco Networking Academy, allowing our College of Information Technology students to access comprehensive cyber skills and career-building programs, preparing them for success in a connected world.

Notting Hill College, our sister institution, is a British higher education provider with bases in the UK, Turkey, Egypt and the UAE.
